(530) 542-5580  
(530) 542-5567 (fax)

*This notice is being issued jointly by the California Tahoe Conservancy and the Tahoe Regional Planning Agency to property owners located adjacent to the proposed South Tahoe Greenway Multi-Use Trail or its alternative alignments.*

**November 8, 2006**

**To:** Property Owners adjacent to the proposed South Tahoe Greenway Multi-Use Trail

**Subject:** Notice of Preparation of a Draft Environmental Impact Report (EIR)/Environmental Impact Statement (EIS) for the South Tahoe Greenway Multi-Use Trail Project, South Lake Tahoe, California.

The California Tahoe Conservancy (Conservancy) is proposing to construct a 9.6-mile long multi-use trail that will provide south shore residents and visitors with a non-motorized, alternative transportation corridor from Meyers, California (near the intersection of U.S. Highway 50 and Pioneer Trail) to Stateline, Nevada (near the proposed Van Sickle Bi-State Park). The South Tahoe Greenway Multi-Use Trail will generally follow the former Caltrans U.S. Highway 50 Bypass Corridor and will also utilize other publicly and privately owned lands (see map on back). For more information, see the project description posted at the Conservancy website (listed below) or call Ray Lacey, (530) 542-5580.

The Conservancy, Tahoe Regional Planning Agency (TRPA), and USDA Forest Service, Lake Tahoe Basin Management Unit (USFS) will serve as joint lead agencies for the preparation of an EIR/EIS/EIS to study the potential effects of the proposed trail and alternatives. ***The lead agencies need to know your views regarding the proposed trail project and the scope and content of environmental issues that should be addressed in the Draft EIR/EIS/EIS.*** Therefore, three scoping meetings have been scheduled to take public comment on the proposed trail project. They include:

**Tuesday, November 14<sup>th</sup>**, 6:30 pm to 8:30 pm at the Forest Service Supervisor's Office, 35 College Drive (public information workshop)

**Tuesday, November 28<sup>th</sup>**, 9:00 am at the Council Chambers, 1901 Airport Road (City council meeting)

**Thursday, December 14<sup>th</sup>**, 2:00 pm at the TRPA offices, 128 Market Street, Stateline, NV (Hearings Officer)

A more detailed project description and maps of the proposed South Tahoe Greenway Multi-Use Trail corridor can be viewed at the lead agency offices (listed above) during normal business hours and online at [www.tahoecons.ca.gov](http://www.tahoecons.ca.gov). Due to time constraints, we need your written response sent no later than December 14, 2006 to:
